SAFE SPACE

At Revenge, we pride ourselves on being a safe and inclusive space for all customers, no matter the event being held. A safe space is a place in which everybody feels welcome, respected and comfortable being who they are. Over the years, we have implemented a range of safe space policies and procedures, such as:

INCLUSIVE TOILETS

All toilets in Revenge are gender neutral. We have toilets on both Level 1 and on Level 2

STAFF TRAINING

All of our staff have been trained by The Egalitarian as part of their Safe Space Project, so they can do their best to:

- Recognise any potential safeguarding issues
- Correctly approach and handle sensitive situations in line with our core policies
- Act as effective allies in these situations.

All staff have also completed mandatory Trans Awareness Training. We also have multiple staff who are trained in first aid and mental health first aid.

SECURITY TRAINING

We regularly provide different training sessions focusing on varying topics to our security team. This includes safe space & trans awareness training.

DRINK COVERS

To combat customers concerns around spiking, we can provide drink covers to all customers free of charge.

ASK FOR ANGELA

All of our staff are trained in the 'Ask For Angela' project. If any customer feels unsafe for any reason, they can ask for Angela to any member of staff and they will be taken to a safe area.
